

The book is printed on very heavy 32-pound glossy paper. I have tested it to insure that it can withstand getting dewy. It is spiral bound so that the pages will lie flat. The front and back covers are plastic, not paper, so that it will stand up to many years of outdoor use.

The cost is \$20.00 including shipping. Orders of 10 or more cost \$18.00 each including shipping. Contact me, Rob Pickman at LightSpeedSys@juno.com for questions or pricing on larger club orders. I do not take credit cards, so payment is by personal or club check.

If you provide your email address with your order, I will email any corrections and new objects that I plan on adding based on my reader input.

Order Form

Name: _____

Address: _____
